

# Gotthard, Want You In

Ain't no black ain't no white  
There's no left and no right  
Ain't no justice without crime  
Got no song to sing without a rhyme

Got to have a little faith in me  
Need some time to get the picture clear  
I can't explain, I just don't know  
Why I need you when I want you to go ?

I want you in, I want you out  
There's no solution to my endless doubt  
Everytime I'm claimin' victory  
Hold on baby, gotta hold on me  
Hold on me

There's no courage without fear  
Can't be gone, if you see me here  
I'm confused endlessly  
'Cuz you're not, where I want you to be ?

Got to have a little faith in me  
Need some time to get the picture clear  
I can't explain, I just don't know  
Why I need you when I want you to go ?

I want you in, I want you out  
There's no solution to my endless doubt  
Everytime I'm claimin' victory  
Hold on baby, gotta hold on me  
Hold on me

Now you're gone, and I just don't know  
Why you left, when I love you so

I want you in, I want you out  
There's no solution to my endless doubt  
I want you in, I want you out  
I'm going crazy, makes me scream 'n shout

I want you in, I want you out  
There's no solution to my endless doubt  
Everytime I'm claimin' victory  
Hold on baby, gotta hold on me

I want you in,  
I want you out.
