

# Gotye, State Of The Art

When the Cotillion arrived  
We threw out the television  
Model D575  
Has custom flute presets  
And Harmony-Plus in addition

Now for an arm and a leg  
We get three half-dozen beats to choose from  
So now we can pretend  
That there's an orchestra in the lounge room

I put the Genie Bass on  
So my left hand can play the choir  
With 16ft Diapason  
And Lowrey's patented Orchestral Symphonizer

Banjo's great on repeat  
The kids want to play but they'll have to be patient  
The wife can't help tapping her feet  
It's a genuine home entertainment revelation

State of the art  
(Hold the phone, it's so)  
State of the art  
(Listen to the difference!)  
State of the art  
(Oh my God, it's so)  
State of the art  
(By use of a computer)  
State of the art

Now we don't want to go out  
When we could spend the night at home with the Cotillion  
Invite the neighbors around  
Start the bossanova beat and limbo from the living to the kitchen

Enjoy the state of the art  
The Magic Swing Piano really is astounding  
Now we can't tell them apart  
But these amazing simulations end up sounding  
even better than the real thing

State of the art  
(Hold the phone, it's so)  
(Computer controlled tone color)  
State of the art  
(The marriage of music to computers is quite natural)  
(Oh my God, it's so)  
State of the art  
(It's time to hear the results)
