

Gourds, Jenny Brown

Hurry up now, turn the water into coffee,

Is it there? are you here?

Did you just wake up?

Did you just f**k up?

Indulge my tug. and yer outside, upon the ground

I'll speak to you

Just write it down

Just write it down

Jenny brown sweet beak

Do you need to steal?

Heres a pistol if you do.

We all have got problems

All night and day

Shoot the wall leave the bird alone

Or feed that bird the worm's song

I'll sing to you

Just write it down

Jenny brown sweet beak
