

# Government Issue, 4-wall Hermit

I don't wanna face the people  
I don't wanna face the crowd  
I don't wanna face the hatred  
So I'll crawl into my shroud  
That's why I've gotta hide  
From all the agony and gloom  
That's why I've gotta hide  
Gotta hide in my room  
Here I stay all alone  
Locked up from the world  
I can't face what's out there  
It scares me to death
