

Government Issue, Bored To Death

Ain't got a job
My life's a drag
I'm just a waste
Put me in a bag
I went to school
To learn how to cheat
And all I got
Were words on a sheet
Nothing to do
I'm bored to death
I'm so bored
I'm bored to death
When boredom sets in
I just wanna die
I just can't move
No matter how I try
I don't do drugs
And I won't start
I did 'em once
And got blown apart
