

# Government Issue, No Way Out

I'm sitting here with a gun  
trying to figure out what I've done  
now I just wanted to rob this place  
but they forced me to shoot them  
No way out  
police cards and swat teams are outside  
no way out  
they tell me to come out, but I'll stay inside  
It started out a simple robbery  
but someone ran so I had to shoot  
everybody out there wants my blood  
so I'll stay in here and take my chances
