

# Government Issue, Plain To See

As I'm walking down the road  
Different people yell at me:  
"Punk rock is dead, new wave is in"  
(Senseless comments by useless people)  
Your ignorance is plain to see  
Being different bothers you:  
"Don't do this, don't do that"  
Someone attacks you on the street  
(The in thing now is stupidity)
