

# Gowan, Tender Young Hero

(Lawrence Gowan)

You had the secret everybody envied  
That many'd try to find but come up empty  
Yeah, you make it easy  
Or that's the way you make it seem  
So for a day we'll let you  
Live out all our dreams  
Yeah - This is your big scene  
Tender Young Hero  
Up from zero  
Take a look around  
Shouldn't be too long  
Unless I'm dead wrong  
You'll be shot back down  
Well for a while you seemed to act real humble  
Then one by one we saw those virtues crumble  
You'd snap your fingers  
And everyone would start to crawl  
Soon you'll be asking  
"What's the meaning of it all"  
Yeah - Then look out for that fall  
Tender Young Hero  
Up from zero  
Take a look around  
Shouldn't be too long  
Unless I'm dead wrong  
You'll be shot back down  
Turning the world on  
With a passion  
That's the life you've found  
Tender Young Hero  
Bound for zero  
You'll be shot back down  
So soon that famous face  
Will fade forever, will fall from grace  
So don't be fooled  
Forget your pride  
Don't lose your soul  
Tender Young Hero  
Up from zero  
Take a look around  
Shouldn't be too long  
Unless I'm dead wrong  
You'll be shot back down  
Turning the world on  
With a passion  
That's the life you've found  
Tender Young Hero  
Bound for zero  
You'll be shot back down  
Tender Young Hero  
Tender Young Hero  
Tender Young Hero  
Tender Young Hero
