

# Grace Jones, All On A Summers Night

We're dancing barefoot on the moonlit sand  
We're making music, we don't need a band  
I can't believe we only met tonight  
'Cause we won't let each other out of sight  
Maybe I should feel a twinge of shame  
We're almost lovers I don't know your name  
A voice inside shouts like a traffic cop  
(Stop)

I'm gonna love you after all...

Chorus 1:

(All) on a summer night  
Who cares about tomorrow  
Baby all on a summer night  
And everything will turn out right  
It's 6 a.m., we've danced all through the night  
You're even better in the morning light  
Funny tinglings moving up my spine  
It may be love or maybe just the wine  
The sun's begun to turn my head around  
Or is it you that make my temples pound?  
A voice inside shouts like a traffic cop  
(Stop)

I'm gonna love you anyway

Chorus 2:

On a summer day  
Who cares about tomorrow  
Baby all on a summer day  
I'm gonna love you anyway  
(or) You're gonna love me anyway

Spoken:

You and me  
All alone here on the beach tonight  
With the moon and the stars  
And the sound of the waves  
Oh, I know this night will never end  
I love you darling, always  
We fell asleep out in the burning heat  
The evening tide is washed up on our feet  
We're all alone here on this beach again  
Let's take a swim and wash away the sand  
I feel like celebrating finding you  
We're off and running for the whole night through  
A voice inside shouts like a traffic cop  
(Stop)

You say you love me after all

(All) on a summer night

The greatest things can happen

Baby all on a summer night

And everything has turned out right

Repeat chorus
