Grace Jones, Suffer

You did your dirt, you did your wrong,
So, suffer,
You had your fun, and now it's done,
So, suffer,
Take that!
And that!
Take that!

Stop!

I didnt know I was hurting anyone,
I didnt think , I was only having fun,
Is it bad, to put me through all this,
All this pain, you're driving me insane,
I didnt know I was only having fun,
I didnt think I was hurting anyone,
Is it bad, to put me through all this,
All this pain, you're driving me insane. (repeat to end)
