

Gracia Baur, I believe in miracles

I believe in miracles
Gotta believe in magicals
I believe in Miracles
Gotta believe in magic-magic-magic-magic-magic
Wait, you need to say nothin'
Wait, not a word can explain
The way I feel underneath my skin
And where my imagination ends and where it begins
You're my guiding star, that's what you are
No mountain too high, no distance too far
And every dream, every fantasy
Could never bring what you bring to me
Now I believe in miracles
Gotta believe in magicals
Only when you're here with me
Heaven gives me what I need
Shine a light by an endless sun
I know you're my only one
Where you go that's where I'll be
And miracles will follow me
Strange, now everything's changin'
Strange, I never felt this way
And when the cold wind blows and the shadows fall
I know I'll be safe here inside your arms
You're my guiding star, that's what you are
No mountain too high, no distance too far
And every dream, every fantasy
Could never bring what you bring to me
Now I believe in miracles
Gotta believe in magicals
Only when you're here with me
Heaven gives me what I need
Shine a light by an endless sun
I know you're my only one
Where you go that's where I'll be
And miracles will follow me
Follow me
Now I believe in miracles
Gotta believe in magicals
Only when you're here with me
Heaven gives me what I need
Shine a light by an endless sun
I know you're my only one
Where you go that's where I'll be
And miracles will follow me
Now I believe in miracles
Gotta believe in magicals
Only when you're here with me
With Meeeeeee
Shine a light by an endless sun
I know you're my only one
Where you go that's where I'll be
Miracles will follow me
Follow me
Miracles will follow me
