

Gracia, Never Been

I took the chances
You've made mistakes
It cuts so deep
Watch my dreams breaking
All your words and phrases
Didn't mean a thing
Can't hide your sins
I've had enough
Had enough
Had enough
Had enough

Refrain:
So why do you turn away
When night falls
Have you never been
Never been
Never been
In the pain I'm in
So why do you walk away
When I call
Have you never been
Never been
Never been
In the state I'm in
Play the game
Who's to blame
(Have you never been
Never been
Never been)

Watching the T.V.
Alone tonight
I miss you so
Hear my heart crying
Needing some affection
You're as cold as ice
Those hidden lies
I'll never know
Never know
Never know
Never know

Refrain...

Love and emotions
These things I miss
You broke my heart
I feel sorrow
You won't say you love me
Is it over now
Should I leave tonight
You never know
Never know
Never know
No no no

Refrain...
