

Graham Colton Band, Hold On

How long have I been spinning 'round your head?
So long have I been running 'round in circles?
And for the longest time it's been building up inside me
It's coming over the edge
And I step off that ledge and I fall
Cause I can't hold, hold on
I can't hold, hold, hold on
So come here baby
Let's throw down all our cards
Cause I'm a king of spades
And you're my queen of hearts
We can celebrate
And you're lost at sea
And I will salivate
Please come to me
Cause I can't hold, hold on
I can't hold, hold on
No more prescriptions for the sickness yet come
It plagues us like we're first born sons
And we play this game
Now we're face to face
And I don't have the words
So I will cut to the chase
Oh but it hurts
And my hands will strain
At the touch of your face
Yeah the dragon's slain
I fall from grace
Cause I can't hold, hold on
I can't hold, hold on
