

Graham Colton Band, Matthew

I don't know why
The stars are up so high and we can't feel
I taste your light
I don't know why
A god could ever let us feel this way inside
What do I say
What do I do?
Where do I go?
When I'm thinking of you?
What do I say
What do I do?
Where do I go?
Why'd you leave us Matthew?
Why'd you leave us?
We can try
To keep it locked inside
Oh and save it for another day
I can lie and shutout everyone so I can find the words to say
What do I say?
What do I do?
Where do I go?
When I'm thinking of you?
What do I say
What do I do?
Where do I go?
Why'd you leave us Matthew?
And all alone we fly
And ss we slowly die
Can you tell me what is life
First day of your life
What do I say
What do I do?
Where do I go?
When I 'm thinking of you?
What do I say
What do I do?
Where do I go?
Why'd you leave us Matthew?
Why'd you leave us
Why'd you leave us
Why'd you leave us
Why did you leave me here Matthew?
