

# Graham Colton Band, Morning Light

Sometimes I think I pass you walking on the street  
And I believe that sometimes I think I see you looking back at me  
And now I see it  
Everything you feel  
Saying what is real

And don't go away, say you'll stay til the morning light  
And don't fade away into gray standing in the light

I lie awake at night and never sleep  
To watch you breathing  
I tried to smile and laugh as you turned away  
But I was bleeding  
Everything I feel, I make believe is real

And don't go away, say you'll stay til the morning light  
And don't fade away into gray standing in the light

Sometimes I think I pass you walking on the street  
And I believe that sometimes I think I see you looking back at me  
And now I see it

Don't go away, say you'll stay til the morning light  
And don't fade away into gray standing in the light  
And don't go away say you'll stay til the morning light  
And don't fade away into gray standing in the light
