

Graham Nash, It's All Right

It's All Right (3:12)

words & music by Graham Nash

When I see you beside me,
smiling at me, I feel warm deep
inside me, 'cause I think I
love you. When I feel you
surrounding me, making me
strong, I've got warm glow
around me, Because I think
I love you, and it's all right, all
right. Needless to say,
I feel all right, all right. I'll be here
when you awake. Looking
down the roadway, tell you
what I see, lots of lonely
heartaches, lots of feeling blue.
Looking up the roadway,
tell you what I see. I see you.
So it's all right, all right.
Needless to say,
I feel all right, all right. I'll be here
when you awake.
Looking down the roadway, tell you
what I see, there's lots of lonely
heartaches, lots of feeling blue.
Looking up the roadway,
tell you what I see. I see you, you, you.
'Cause when I see you beside me,
smiling at me, I feel warm deep
inside me, 'cause I think I
love you. Yes I do.
And it's all right, all right,
needless to say. I feel all right.
I'll be here when you awake.
And it's all right, all right,
needless to say. I feel all right.
I'll be here when you awake.
