Somewhere, somehow, I've found you could love me all my life.
Fall into my open arms where love lies tonight.

Only lonely hearts can break, I see it everyday.
Underneath a crushing weight, love flies away.

How many times have I loved and lost?
If only my heartaches could heal.
How many times can I count the cost?
Knowing the way that I feel.

When you walked into my heart my life just opened wide.
Giving me a brand new start, where love lies tonight.

How many times have I loved and lost?
If only my heartaches could heal.
How many times can I count the cost?
Knowing the way that I feel.

Somewhere, somehow, I found you could love me all my life.
Fall into my open arms where love lies tonight.
Where love lies tonight.
