

Gram Parsons, Cry One More Time

Cry one more time for you
I really got it bad
Cry one more time for you
I've lost the best i had

Everything is gone wrong
I need another beer
She's got her mind on leavin'
That's what i'm doing here

Ain't no sense to talk to you
I don't know what i'd say
Ain't no sense to argue
So i just don't wanna stay

Cry one more time for you
I really got it bad
Cry one more time for you
I've lost the best i had

Instrumental

So sad, to be a lonely night (whoa!)
So sad, it didn't work out right

Cry one more time for you
I really got it bad
Cry one more time for you
I've lost the best i had

I try to call the last night (yes, i do)
I knew she wasn't here
I don't wanna go uptown
I know she'll be with him

Cry one more time for you
I really got it bad
Cry one more time for you
I've lost the best i had
I've lost the best i had...
