

Grammatrain, I Wish You Would

Sleepless nights and endless days
And all I do is promise to change my ways
Leave the lights on, you know Ill pretend youre on youre way
You used to say that theres a time we all deserve to lose our minds
So I lost my mind now Im ready to find my way

Back home
Today
To stay
The way you wished I would
And I swear
To stay
The way you wished I would

I dont know if Im gonna have to redesign my mind
But tonight I made a wish and I so hope that it comes true
Cause its been too long without you
Its been too long

Come home
Today
To stay
The way you wished I would
And I swear
To stay
The way I wish you would

And even if I left it all behind
Thered be reason to come back
And even though I left you far behind
I always thought that youd come here to find me
Come find me

I dont know if I can wait this long
To be what I used to be
And I dont think I can wait much longer
For the tide to come back to me
Come back to me

Back home
Today
To stay
The way I wish you would
And I swear
To stay
The way I wish you would
The way I wish you would
