

Grammatrain, Let It Roll

Tried to write a letter
To tell you how I feel
But all I kept on writing
Was slipping on the tears from the day
When I was young and brave
Now all these hotel lobbies are filled with whats to me
Lonely midnight drivers
Drifting out to sea
And all those late night lovers
Dont make things better to me

So let it roll into me
Let it roll into you
Let it roll into me
Let it roll back into when I had you

So Ill watch the snow come calling
And Ill celebrate the spring
Ill feel the falls keep falling
And when the summers come
I will pretend that I dont notice
That this is when I notice most of all

So let it roll into me
Let it roll into you
Let it roll into me
Let it roll back into when I had you

And all you ever wanted for me
Was the time to understand
And all I ever wanted for you
Was to see me shining for you
And I wish that I could be back in the day that I could say

Let it roll
Let it roll into me
Let it roll
Let it roll into you
Let it roll back into when I had you
