

# Grand Incredible, Big Is The New Small

Let me learn by paradox that  
i've got to fall  
if I wanna walk  
that I hear a voice that doesn't talk  
that didn't start and never stops

(pre chorus)  
A touch of folly that it may be  
but it should come as no surprise  
to find that fools are counted wise  
and blind men have the sharpest eyes  
the truth can wear a jokes disguise

(chorus)  
Cuz big is the new small  
death is the new birth  
back is forth and up is down and the last are really first  
you're goin' the wrong way  
if you follow the right signs  
just know you know nothing at all  
cuz big is the new small

Where the light has been erased the shadow behind  
can show you the shape  
it doesn't reveal but it indicates  
we learn about light from the darkened space
