

Grand Theft Audio, Wake Up

We want it, lets take it
We're going deeper inside
To change the pattern, lets make it happen
You know it's only a ride
This time there's no mistaking
It's not your mind it's your money I'm taking
It's not our problem, yeah
That's inconceivable, man why can't I have it all
It's keeping us all alive
Til it all comes tumbling down.

WAKE UP IN YOUR OWN MIND
DON'T SING ALONG WITH ME
DO ANYTHING IT'S ALRIGHT
DON'T SING ALONG WITH ME

We've got it, you crave it
We're going deeper inside
To change the pattern, to make it happen
A sonic bomb for your mind
T.V. was a lame invention, just selling you crime prevention
Burn down your station Yeah
Turn off cos the radio's rockin'
Now days just nothing's shocking
You know we just don't care
Til it all comes tumbling down

WAKE UP IN YOUR OWN MIND
DON'T SING ALONG WITH ME
DO ANYTHING IT'S ALRIGHT
DON'T SING ALONG WITH ME
