

Grant Lee Buffalo, APB

I put an APB on you tonight searchlights citywide
I flash your face upon the news at nine
I put the heat on high whatever I gotta do to find you
Won't let fair-weather friends step in to hold ya back or blind you

I need you more than ever
You are the only one
Better be sure put out
An all-points bulletin
All-points bulletin

I gaze through infrared done lost my head a long long time ago
I've got no hounds to sic upon your trail ya know
Just desperation on my breath I have to sit back stabilize
So I don't scare you when I'm close enough to catch your eye

I need you more than ever
You are the only one
Better be sure put out
An all-points bulletin
An all-points bulletin
An all-points bulletin
Bulletin

I need you more than ever
You are the only one
Better be sure put out
An all-points bulletin
An all-points bulletin
An all-points bulletin
