

Grant Lee Buffalo, Let Go Of My Hand

Let go of my hand
I don't wanna drag you
Down with me now
Let go of my hand
It would destroy you
To reach out to me
See me I'm drowning
And I'll take anything
To keep me afloat now
Till I get to the land
Think of yourself
Let go of my hand

See it as it is
See it as it really is
See it as it is

Let go of my hand
I don't wanna fool you
Into believing
I meant anything
It would destroy us
In one single minute
Look at us both now
We're already in it

See it as it is
See it as it really is
See it as it is

Let go of my hand
Let go of my hand
Let go of my hand
Of my hand

Na na na

See it as it is
See it as it really is
See it as it is
See it as it really is
See it as it is
See it as it really is
See it as it is
See it
