

Grant Lee Buffalo, You Just Have To Be Crazy

You just have to be crazy don't you
You just have to be out of your mind
You just have to be crazy don't you
You just have to be
True or not
True or not

You just have to be touched don't you
You just have to be tapped on the head
You just have to be crazy don't you
You just have to be
True or not
True or not
True or not
You just have

You just have to be starry baby
You just have to be chocolate cake
You just have to be starry baby
You just have to be chocolate cake
True or not
True or not
True or not
You just have

Na na na

True or not
True or not
