

# Grave Digger, Night Drifter

Well, it's a game  
It's alright, let me stay  
Until sunrise  
I'm out all night long  
What could ever call me home  
Before daylight  
On and on I go  
That's the way I wanna live  
You're got what you want  
Mix another drink  
In this state I can't go on  
Time's runnin' on  
I want some more  
More and more and more  
It's to late for me to go  
Just one more night  
I wanna stay  
And take my word  
It's no luck to be alone  
Why do I have to live this way  
Night drifter  
Cries in his pillow  
Night drifter  
Cries in his pillow
