

# Grave Digger, Silent Revolution

Don't kneel in the sand, defend your land  
The kiss of racism is touching your head  
I'm not god, I'm a political man  
A leader, a lawyer against tyranny

We're raising our hands against execution  
We're heading out for silent revolution  
We're trying to resist bloody persecution  
We're crying out for silent revolution

Silent revolution  
Silent revolution  
Silent revolution  
Silent revolution

Spread the words of freedom,  
Defend your rights  
Our only religion is a peaceful fight  
I'm not god, I'm a man of the people  
Stand for the children the innocence of life

We're raising our hands against execution  
We're heading out for silent revolution  
We're trying to resist bloody persecution  
We're crying out for silent revolution

Silent revolution  
Silent revolution  
Silent revolution  
Silent revolution

[Spoken:]  
What difference does it make  
To the dead, the orphans, and the homeless,  
Whether the mad destruction is wrought  
Under the name of totalitarianism  
Or the holy name of liberty and democracy  
And for that I had to died???
