

# Grave Digger, Symphony Of Death

Fight for God's country  
Stand strong, pride you feel  
Obey march, raise your banners  
Kill die in the fields of steel  
Truth faith, what you fight for  
Kill rape, eternal glory  
Blood gore, shining heroes  
Spell write a bloody history

[Chorus:]

We fight, we kill we die  
We play, we dance  
To a symphony of death

Wars pride, waving colours  
Pain Death, final solution  
Look see what are we doing  
Kill die for false illusions  
Tears fall for dying children  
No more human sanity  
Take life, sacrifice your child

[Chorus]
