

# Graveworm, Timeless

Forget the time, forget this place  
'cause we are here to damage your face  
Just close your eyes  
Across the ocean, across the land  
Mysterious things, and the name of a band  
Just close your eyes and give me your hand

(-Chorus-)

Are you ready? Are you ready?  
To hear this song, for so long?  
This is our time - believe in me  
We're playing you feel free

You hear us everywhere - near and far  
In the galaxy - on every star  
Just close your eyes  
Ready to rumble, ready to crash  
Today we're gonna smash  
Just close your eyes and give me your hand

(-Chorus-)

Give me your faith!

(-Chorus-)
