Gravity Kills, Guilty

Behind closed doors your words ring hollow What you said they'd be What behavior? Who are you, but I like it Now I'm done with nothing new Sometimes green sometimes blue

And I'm guilty
And I'm guilty
And I'm guilty
And I'm guilty
And you're guilty

He, hey, hey I'm guilty And you're guilty too Hey, hey, hey, hey

I'll tell you something, something new You're hearing nothing, nothing true You're killing me, I'm killing you And I'm guilty too

One two three I found you out so easily One two three I found in you what I found in me The time is wrong, the time is right Be careful who you kill tonight

And I'm melting
And I'm melting
And I'm melting
And I'm melting
And I'm melting in you

Hey, hey, hey I'm guilty And you're guilty too Hey, hey, hey

One and one and one makes three One and one why don't you see I'm killing you, you're killing me Can't you set me free

Inside out,
I can't describe it
What you do to me
Inside out
I cannot hide it
Looking right through me
Now I've reached the living end
Pointing fingers to defend

And I'm guilty
And I'm guilty
And I'm guilty
And I'm guilty
And you're guilty too

Hey, hey, hey I'm guilty And you're guilty too Hey, hey, hey, hey

I'll tell you something, something new

You're hearing nothing, nothing true You're killing me, I'm killing you And I'm guilty too
