

Great Big Sea, Haven't Seen You In A Long Time

I haven't seen you in a long time, since I've been gone
it always seemed to be the wrong time, it's the same old song
looks like we'll never be together our whole life through
there might be changes in the weather, but not for me and you

can you hear me, when I'm calling out to you
can you see me, sometimes in the night when you put out the light

I haven't seen you in a long time since you put me away
I only see you in my dream time, at the break of day
I know I never ever listen, my whole life through
If I had heard you wasn't with him, I could be with you

can you feel me, when he's making love you you
can you hear me, when your alone, when you hang up the phone
when it's real late at night, and you put out the light

I still see you
and I still feel you
when I'm alone, my mind starts to roam
you come in the night when I turn out the light

I haven't seen you in a long time, since I've been gone
it always seems to be the wrong time, its the same old song
looks like we'll never be together our whole life thorough
there might be changes in the weather, but not for me and you
