

Great Big Sea, Let It Go

Hey man, you don't know what you're missing
You count your curses and forget about the blessings
Don't you think you should learn a little lesson
What are you waiting for?

Hey man, what makes you so special
Can't seem to find the angels for the devils
Don't you think that if you learned to love a little
You'd live a whole lot more

Chorus

Let it Go Let it Go
This is smaller than you know
No bigger than a pebble lying on a gravel road
Let it Go Let it Go
Got to leave it all behind you
Give the sun a chance to find you
Let it Go

Lift your head, there's no time for crying
You made your bed but don't think its fit to lie in
Wasted on the ground when you know you should be flying
What are you waiting for?

Bridge

How can a man not see
It seems so clear to me
You've just got to live and learn
Smile at the simple stuff
This road ain't long enough
To miss a single turn
