

# Great Northern, City Of Sleep

Fallen through  
Reach behind me  
See if you remember me  
Come with me to that place where  
We remember what to be  
Follow me  
To that place where  
When you're lost  
You finally see  
Keep in mind as you remember  
All the answers you walked right through  
Quietly...

We'll keep traveling  
We'll forget all that we need  
Later on when you find me  
We can sleep  
We'll sleep beneath the trees  
We'll sleep beneath the trees  
We'll sleep beneath the trees  
We'll sleep beneath the trees

[Chant:]  
Ahahahah...owowow...[etc.]
