

Great Northern, Home

Take all your medicine
It's gonna make you well
You'll have to run till it's over
I'm sure you'll be able to tell

You'll know it's over
For the rest of your life
You're gonna be high

Come home
It's something less than a holiday
When you
Come home
It's something less than a holiday
They'll be sneaking up behind you again

Talk to the doctor
He said you're well for home
Take all your medicine
Be sure you're never alone

You'll know it's over
For the rest of your life
You're gonna be high

Come home
It's something less than a holiday
When you
Come home
It's something less than a holiday
They'll be sneaking up behind you again
