

Great Northern, Our Bleeding Hearts

Here is a song for the only one
They you know that you never knew
You're still looking for
The softest things you never quite see
But you know they are true
So let them carry you
They're there for you
And everything you do...
Spot on a satellite
Is bleeding you today
You don't wonder why
Will this thing get off
The ground and let you go home
home...
Doesn't it make you feel good
To know that some things
Are never so evolved.
