

Great White, Heartbreaker

(Lardie, Niven, Kendall, Russell)

So outta reach so far away
Another's woman and can't keep away
Can't be alone wastin' all of my time
I'm in pain, I'm in heartache
It's gonna end up in a heartbreak
And no one knows how to make it alright
I've seen love before
I can't take this anymore
Someone's losin' her heart
She's got the lovin' that gives me peace of mind
I'm still here waitin' for her to see the light
It would be so good, be so fine
Give me the love that you know is mine
It would be so good, be so fine
Let me know when your heart is mine
To love a brother, to love another
To have a friend you can count on forever
How can you tell him his lovin' is mine
She's got the lovin' that gives me peace of mind
I'm still waitin' for her to see the light
Search my soul
T'find out wrong from right
All I know
I'm alone tonight
I know I outta try to leave it
I know I should
But my heart needs to keep her
I got to tell her
I can't wait no more
