

# Great White, Mista Bone

(Kendall, Niven, Desbrow, Montana)

That girl is just a cool good looker  
That baby's sweeter than raw brown sugar  
Never mind cause the fancy took her  
She says she wants to let the small head rock her  
What a smile  
Don't it drive you insane  
Ooh ma baby  
Drive a mile  
Just to ride back again  
Baby won't ya rock it tonight  
And when she's in the mood  
When she needs that lovin' groove  
When she wants it rude  
She grooves with Mista Bone  
If she's in the mood  
If she hits that lovin' groove  
When she's gettin' rude  
She grooves with Mista Bone  
Just take it like a sweet injection  
Just a token of my affection  
Another night we'll take another direction  
I'm gonna play you like a rhythm section  
What style  
Let me see that again  
Ooh my baby  
Drive a mile  
Just to ride you again  
Baby won't ya rock it tonight
