

Green Apple Quick Step, Pay the Rent

Gotta put an end to this
Standing in the room stagnant
Give the boy a tv set
Tell him there's a government

Now we grow in liberty...liberty
We now grow in poverty...poverty
Now I've got your mind well bent
Got you thinking pay the rent...pay the rent

Propagate the world
At stake best you are the more
I take give the boy a world
To hate tell him he's a candidate

Now we grow in liberty...liberty
We now grow in poverty...poverty
Now I've got your mind well bent
Got you thinking pay the rent...pay the rent

We don't want you all to fly
You've got a way of making me jealous
Mother what you say gotta be a way
To stay mother what you say gotta be a way

Now we grow
Now we grow
Now we grow
Now we grow

Now I got your mind well bent
Got you thinking pay the rent
Now I got your mind well bent
Got you thinking pay the rent
