

# Green Carnation, Sweet Leaf

Oh sweet leaf  
Swaying in the wind  
Under stars and moon  
And sunrise gloom  
Hanging on to the tree that gives you life

Oh sweet leaf  
Has your time come?  
Will your journey begin?  
I'm afraid of falling and falling  
With the wind  
Away, away from your origins

Oh sweet leaf  
Why did you leave?  
Why didn't you stay?  
How can I be your guardian angel?  
When you are away?

Oh dear father  
Let me tell you  
I'd love to sway in the wind  
Under stars and moon  
And sunrise gloom  
Clinging on to you

Oh dear father  
Can't you see?  
I'm not running away  
I'm just searching for the real me

Oh dear mother  
Why do we have to go?  
Why don't we stay?  
How can we be yours?  
When we are always away?

Oh sweet leaf  
When your time comes
