Green Day, Fell For You

I woke up in a pool of sweat,
At first I thought that I pissed the bed.
Honest stories in the midnight hour,
The kiss of death on the Eiffel Tower.

And I went down,
Like the speed of sound.
You're out of sight,
But not out of mind.
I had a dream that I kissed your lips and it felt so true.
Then I woke up as a nervous wreck and I fell for you.
I'll spend the night living in denial.
Making paper planes just for a while.
I'll crash into you, crash into you,
If you crash in my imagination too.

Break a leg and you crush my heart,
I'm a mess and you're a work of art.
Got your blessings going 0 to 5,
Steal a kiss and I took a dive.

And I went down,
Like the speed of sound.
You're out of sight,
But not out of mind.
I had a dream that I kissed your lips and it felt so true.
Then I woke up as a nervous wreck and I fell for you.
I'll spend the night living in denial.
Making paper planes just for a while.
I'll crash into you, crash into you,
If you crash in my imagination.

I had a dream that I kissed your lips and it felt so true.
Then I woke up as a nervous wreck,
And I fell for you /x3
