## Green Day, I don't want to know

| (Verse 1) I'm curiou | is to know exactly | how you are I ke | ep my distance b | ut that distance is | too far It |
|----------------------|--------------------|------------------|------------------|---------------------|------------|
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
|                      |                    |                  |                  |                     |            |
