

Green Day, Jackass

To know you is to hate you
So loving you must be like suicide
I don't mind if you don't mind
I'm not the one that's going to die
I guess i just can't listen
To this one sided conversation again
'cause I don't care if I don't care
No one ever said that life is fair

Everybody loves a joke
But no one likes a fool
And you're always cracking the same old lines again
You're well rehearsed on every verse
And that was stated clear
But no one understands your verity

The center of attention
Got an honorable mention once again
Congratulations and salutations
You're a figment of your own imagination

Everybody loves a joke
But no one likes a fool
And you're always cracking the same old lines again
You're well rehearsed on every verse
And that was stated clear
But no one understands your verity

To know you is to bait you
And you fell victim to your own denial
I don't mind if you don't mind
If you're wasting all your time
