

Green Jelly, Electric Harley House (Of Love)

So you wanna go on the road
I'm'a see my love to unfold
You must be young, and you must be bold
On your knees and do what you're told
You pull the trigger on my loaded gun
Till you see we'll be having some fun
So meet me by the backstage door
Light this gun, and lets go for the

Electric Harley house of love
Electric Harley house of love
Electric Harley house of love
Electric Harley house of love

Gutter teen and a loaded mind
I'll give you time for you head to unwind
Can you sleep, it's my head to the floor
Spin around and we'll go for some more
Can you see that I'd love to sit in
Wanna taste the blood of your kin
So, reach out and take my hand
We'll be off to Never Never Land

Electric Harley house of love
Electric Harley house of love
Electric Harley house of love
Electric Harley house of love

Come on, boys!

I know you think it's Metallica
Well, if it is, my name is Joe
Would you think we'd rip it off?
I think we did, but I don't recall
So they say it's a sign of the times
When the band caused something wrong
They think it happens all the time
I think we gone one nevermore
