

Green Lizard, Autumn

You called up late
said you wanted to talk
I was afraid
'cause you spoke so softly

You took my hand
slowly started to cry
I can't understand
why our season went by

CHORUS:
Why do leaves fall down from the sky
Is the tree not strong enough
2X

You turn away
slowly open the door
Said you could not stay
you could not take it no more

It started to rain
tears kept falling from the sky
Ooo...it did not stop the pain
It did not stop the pain

CHORUS

Now I fall on the ground (repeat)

It did not stop the pain
It did not stop the pain

Yeah...
No oooo....
Ooo noooo....
O no...no

Don't fall on me
Don't fall on me
Don't fall on me
