

Green Lizard, Feed On Me

Rest your head in my arms
I'll protect you from harm.

Feed on me
And I'll feed on you
Feed on me
Yeah.

Dry your tears in my hair.
Close your eyes I'll be there

Feed on me
and I'll feed on you
Feed on me
And i'll feed on you
Feed on me
Yeah.

In the morning you awake
Nothing left for you to fake
Cross the dreams before my eyes
Wash your hands the dirt's inside
Drench the darkness in my heart
to reveal the shadow that I am
That I am

Sacrifice my feelings
To give your life some meaning

Feed on me
And I'll feed on you
Feed on me
And I'll feed on you
Feed on me
And I'll feed on you
Feed on me
And I'll feed on you
