

Green Lizard, Requim 2

It's been so long since I've tried
To get up and out of my head
It's too dark out there

I try not to breathe or make a sound
Or move it all
I'm too scared
No hope at all

I'm dying, dying
I'm dying, dying

Everybody says
It's just a phase
But it's been damn long
It's been damn long

What will it take to get out again
And see all those millions of faces
Not worry about what they're thinking

I'm dying, dying
I'm dying, dying

It's ok, it's ok
Don't cry no, don't cry no more
It's ok, it's ok
Don't cry no, don't cry no more

I'm dying, dying
I'm dying, dying
