

Green Olive Tree, Dagobah

Stranger inside my skin
Cloaked in mystery
Threatens me from within
Unyielding enemy
Lurking in the cavern Deep within my mind
Thoughts of the betrayer burn, Impossible to bind.

Curse of Adam's flesh and blood
Still alive in me.
Inheritance of mortal rage, Unholy destiny.
Rescue me from myself, The traitor in my heart
Crucify the lord of sin
Tear my will apart.

Master of self-deceit
Whispering dark lies
Strategy for self-defeat Bleeds my spirit dry
Foul air of discontent Stirring in my face
Breath of the malevolent
Pallor of disgrace.

Curse of Adam's flesh and blood
Still alive in me.
Inheritance of mortal rage, Unholy destiny.
Rescue me from myself, The traitor in my heart
Crucify the lord of sin
Tear my will apart.

Eye to eye and toe to toe
I face my unrelenting foe.

Curse of Adam's flesh and blood
Still alive in me.
Inheritance of mortal rage, Unholy destiny.
Rescue me from myself, The traitor in my heart
Crucify the lord of sin
Tear my will apart.
