

# Green Park Bench, Time Stands Still

time stands still only and 4 a moment i can breath again  
time stands still just long enough to see ur face this hole in my heart is  
too

big 4 some1 to replace

as time stands still and ur voice it echos the shit u wantd to say but i  
never gave u the time to make ur mind and im really sorry 4 that  
please oh please wont u please o please take me back.

and for the first time 2day i chose life over deth but that wont be the  
last time ill have that decision 2 make and i no that even tho we  
fought u always stopd and thought b4 u said anything u really  
didnt mean

time stands still only and 4 a moment i can breath again  
time stands still just long enough to see ur face this hole in my heart is  
too

big 4 some1 to replace

as time stands still and ur voice it echos the shit u wantd to say but i  
never gave u the time to make ur mind and im really sorry 4 that  
please oh please wont u please o please take me back.

and everyday for the last 18 months ive wanted to pull the trigger  
but i was 2 scared, scared of all the things id b leaving behind  
and i no that even tho we  
fought u always stopd and thought b4 u said anything we know u really  
didnt mean

time stands still only and 4 a moment i can breath again  
time stands still just long enough to see ur face this hole in my heart is  
too

big 4 some1 to replace

as time stands still and ur voice it echos the shit u wantd to say but i  
never gave u the time to make ur mind and im really sorry 4 that  
please oh please wont u please o please take me back.

and i guess tomorrow will be the same ordaniry day. ill make the  
same ordaniry choises hear the same ordaniry voices and ill take the  
same goddamn percations

but i know that i would instigate we would argue u'd complain ive  
always loved u i never could hate u. r love was forbidden emotions  
were hidden and now its time 4 me to let go of u 4ever and after  
u 4give i 4get but dont let r love effect u in all the things that u do  
for ever and after
