

Green Peter, Walkin' The Road

Now the cupboards are empty
But baby you dont care
This way that Im living
Now that youre not here
Im walkin the road
But theres a long long way to go
My socks need mending
Theyre so full of holes
Take a look at my trousers
And man, how it shows
Im walkin the road
But theres a long long way to go
I sit at the table
Since I got the news
Im so full of cigarettes
And Im drunk with the blues
Im walkin the road
But theres a long long way to go
I gave you my loving
I gave you my car
Now I gotta keep moving
To the next backstreet bar
Im walkin the road
But theres a long long way to go
