

# Green River, 10,000 Things

Ow!  
Crawling through; dark, with streaks  
10,000 things chasing me  
I could've screamed, I could've died  
But nothing was happening right  
Happening right

Looking for sleep to clear my head  
10,000 things movin' under my bed  
I never felt it so strong before  
10,000 whole things  
Maybe more  
Ow! Ooh!

Twist and shout, twist and squirm  
10,000 things playing with one worm  
Twist and shit, twist and squirm  
10,000 things playing with one worm  
Saying burn baby burn  
And all that you've learned  
They gotta hook in you, a hook in me  
Together we're fishing for misery

Ow! Oh!  
10,000 things crawling out my arm  
Mother says they'll do no harm  
I've seen what they've done to mom & dad  
And I don't wanna end up like that, no
